TELEPHONE & ADDRESS DIRECTORY

The purpose of this directory is to provide a telephone and address list of the organizations and agencies that provide services and/or support to people in Montana with developmental disabilities. The directory is limited in scope by being a telephone and address directory; it is suggested that you contact the individual organization for specific information on the services that they offer.

HOW TO USE THIS DIRECTORY

The directory is divided into sections, with each described below. It is hoped that this layout will allow you to easily locate the information desired. Sections are:

Definition of Developmental Disabilities: The Developmental Disabilities Program adheres to the State definition of developmental disabilities, as defined in the Montana Codes Annotated (MCA) 53-20-202, to determine eligibility for contracted services. (Page 2)

Developmental Disabilities Program Offices: The Developmental Disabilities Program is one of several agencies within the Department of Public Health and Human Services. It is directly responsible for providing, or contracting, for services for people with developmental disabilities. The agency consists of five (5) regional offices, four (4) satellite offices and the state central office. All offices of the agency and its employees are listed. (Pages 2-10)

National Resources: A listing of names and phone numbers of commonly accessed national resources. (Page 11 - 12)

Contracted Community-Based Service Programs: Many Montana communities offer an array of services to people with developmental disabilities. This list of contracted organizations is grouped by region and then alphabetized by town with the provider's name and phone number. (Pages 13-16)

Telephone and Address Section: This section is alphabetized by organization and lists the address, telephone number, contact person, e-mail address and website for the organization. **Area code for the State of Montana is (406).** (Pages 17-55)

NEW: Services Provided Section: This section is a listing by services provided with each organization name, city and phone number that provides the service. (Pages 56-62)

Special Education Schools and Cooperatives are listed at the end of the directory. (Pages 63-71)

DEVELOPMENTAL DISABILITIES DEFINITION

Developmental disabilities affect many Montanans. Mental retardation, autism, cerebral palsy, and epilepsy are some conditions commonly referred to as developmental disabilities. The definition of "developmental disabilities" as legislatively defined in section 53-20-202 of the Montana Codes Annotated (MCA) is:

"Developmental disabilities' means disabilities attributable to mental retardation, cerebral palsy, epilepsy, autism, or any other neurologically disabling condition closely related to mental retardation and requiring treatment similar to that required by mentally retarded individuals if the disability originated before the person attained age 18, has continued or can be expected to continue indefinitely, and results in the person having a substantial disability." (53-20-202, M C A, 1979)

Website: www.shodairhospital.org

Shodair Hospital provides acute psychiatric care for children and adolescents in an 8-bed acute care unit. Shodair also has an 18-bed children's residential unit and two adolescent residential treatment units, totaling 42 beds. Services provided in the acute and residential units include evaluation and assessment by the multidisciplinary team; individual, group and family therapy; education; and recreation, art and music therapy.

Services of the Genetics Department include patient evaluations, genetic counseling and education. Service may be for diagnosis, prognosis, natural history, recurrence risk information, psychological support, prenatal diagnosis, fetal death evaluation, molecular genetic and other special testing or for a variety of other reasons.
